About us

PWR Racing Team is **the best Formula Student Team in the electric class in Poland.**

Since 2009 Team has been designing and constructing Formula Student cars, with which starts in international competitions held on famous race tracks in Europe and around the world. The team has already successfully built 12 combustion and 2 electric cars with autonomous driving systems that have repeatedly won podiums.

With your help, we would like to build our 14th vehicle – RT14e.

About us

PWR Racing Team educates young engineers and managers and helps them begin their journey with motorsport. Our members find employment in top automotive companies like Scuderia Ferrari, Bentley, Škoda Motorsport, Scuderia Alpha Tauri and Koenigsegg.

Partnership with PWR Racing Team

60 members involved
in constructing a racing car

Constant presence
in social media

Chance to be a part of innovative
and fast-paced project of young
Polish engineers
